Portfolio: portfolio-1-nine-pi.vercel.app

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with strong knowledge of Java, SQL, HTML, CSS, and JavaScript. Passionate about building scalable web applications and solving real-world problems. Seeking an opportunity to contribute to a growth-oriented organization.

TECHNICAL SKILLS

Programming Languages: Java
Frontend: HTML, CSS, JavaScript, Bootstrap, React
Backend: Servlets, JDBC, Apache Tomcat
Database: Oracle and MySQL
Tools: Git, GitHub, Eclipse, VS Code and Canva

WORK EXPERIENCE

Front End Developer Trainee | Six Sigma Solution, Salem | Sep 2025 - Jan 2026

- Developed responsive and user-friendly web applications using **HTML, CSS, JavaScript (ES6+), and React.js**.
- Built reusable and maintainable UI components, ensuring consistent design and improved code reusability.
- Integrated frontend applications with **REST APIs** to fetch and display dynamic data efficiently.
- Debugged, tested, and optimized frontend features while collaborating with the development team to improve application performance and user experience.

Full Stack Web Development | Elevance Skills, Dharmapuri | July 2026 – Present

- Developed responsive and scalable web applications using **HTML, CSS, Bootstrap, JavaScript (ES6+), React.js, Spring Boot, and MySQL**, delivering a seamless user experience across devices.
- Designed and implemented reusable frontend components and RESTful APIs, enabling efficient communication between the client and server.
- Built and maintained backend services following the **Controller Service Repository** architecture, implementing CRUD operations, validation, and database integration.
- Collaborated with cross-functional teams to debug, test, optimize, and deploy applications using **Git/GitHub**, improving application performance, reliability, and maintainability.

EDUCATION

B.E – Electronics and Communication Engineering | Oct 2021 - June 2025

Dhirajlal Gandhi College of Technology, Salem
CGPA: 8.10

TRAINING

Java Full Stack Development Training | Besant Technologies | Oct 2025 - Present

- Built a strong foundation in **Core Java**, including Object-Oriented Programming (OOP), Collections Framework, Exception Handling, Multithreading, and Java 8+ features such as Lambda Expressions and Streams.
- Developed responsive and user-friendly web applications using **HTML5, CSS3, Bootstrap, JavaScript (ES6+), and React**, following modern web development practices.
- Worked with **MySQL** for database design and CRUD operations, and gained experience with backend technologies including **JDBC, Servlets, JSP, and Spring Boot** to build dynamic web applications.

PROJECTS

DM Health and Wealth | Sep 2025 – Jan 2026

- Developed a responsive health information website using **HTML, CSS, JavaScript, and React**.
- Created pages to display **diet plans, health tips, and wellness information**.
- Ensured the website was **responsive** and worked smoothly across different browsers.

Technologies: HTML, CSS, JavaScript, React.

GitHub: github.com/Kishore1803/DailyMoney | **Live Demo:** daily-money-bice.vercel.app

Elite Ice Creams | May 2026 – Jul 2026

- Developed a responsive **online food ordering website** using **React** and **Bootstrap**.
- Implemented **product listing, shopping cart, quantity update, and order summary** features.
- Designed a simple and user-friendly interface for a better ordering experience.

Technologies: HTML, CSS, Bootstrap, JavaScript, React.

GitHub: github.com/Kishore1803/Elite-Ice-Creams | **Live Demo:** elite-ice-creams.vercel.app

Click-Crafty | Dec 2025 – Feb 2026

- Developed a responsive web application for **browsing and downloading event photos**.
- Designed a clean and user-friendly interface with easy navigation.
- Ensured the application worked properly on different devices and browsers.

Technologies: HTML, CSS, Bootstrap, JavaScript, React.

GitHub: github.com/Kishore1803/Click-Crafty | **Live Demo:** click-crafty.vercel.app

Employee Management System | Mar 2026 – May 2026

- Developed a web application to **manage employee records** using **Java** technologies.
- Implemented **add, update, delete, and view** employee details using **JDBC, Servlets**, and **Oracle**.
- Connected the application to an **Oracle database** for secure data storage and management.

Technologies: HTML, CSS, Java, JDBC, Servlets, Oracle.
